The editor is not responsible nor does he always endorse the views of articles published outside of the editorial columns. Free intercange of views on public questions received. Address communications TIMES-VIRGINIAN, Appomattox, Va.

Campaign Slogans seem to be popular this year. Mr. Tucker candidate for Governor claims "Back to the Constitution", his opponent, Mr. Trinkle, says, "Forward not Backward" and Mr Gilpin who wants your vote for Lieutenant Governor and says he is not to make the campaign without a slogan comes forward and says "Back ward and Forward". So it seems at all events we are to have a "Backward and Forward" campaign

Governor Referred Only To Ministers Who Place "Politics Above Religion"

Asked today if he had any comment to make on the resolutions adopted at the last weekly meeting of the Methodist ministers of Richmond, setting forth the attitude of the church toward prohibition, in which the following language is employed: "It is unbecoming to stigmatize as 'clerical kaiserism' the earnest efforts of the ministers of Virginia to free their state from the incubus of rum, whose product is always a less efficient citizenship," Governor Davis said that he had not applied this term to the ministry in general, whom he holds in the greatest respect.

He said that he had special reference to "those ministers of the gospel who place politics above religion, and who would discredit government in order to secure political power." Governor Davis said that he was sure that none of the ministers who fell within the limits of his remarks "were members of the Richmond Methodist Ministerial Union, who, under misapprehension of the facts, have adopted the resolution you bring to my attention."

The resolution adopted by the Methodist Ministers' Union was the result of the remarks made by him in reply to the charge of a Baptist Minister in Richmond that he had misused his pardoning power, when the governor employed this language.

What Governor Said

"Now that the gubernatorial election is upon us, those who are the tools of political propagandists, who seek political preference by the exploitation of a settled moral issue like prohibition, are again making themselves heard that they may establish in Virginia 'clerical kaiserism' and discredit, through misrepesentation the government of our state."

Governor Davis expressed surprise and regret today that anyone should have construed this reference to "clerical kaiserism" as an intended reflection upon the ministry at large of Virginia, more than 99 per cent of whom, he said, exemplify in their lives and teachings the high ideals of their calling. He said that he could not believe that the vast majority of these ministers would misconstrue what he had said.

"My official integrity," said the governor, "had been impugned, and in reply I had referred to the few who appear to place politics above religion, and who are seeking for selfish partisan purposes to discredit the government of the state."

The Rev. Dr. George W. McDaniel, pastor of the First Baptist church here, seems to have been the first to make a charge against Governor Davis that the executive was not properly exercising his power of pardon. The charge was almost immediately repeated by the pastor of a Baptist church in Norfolk. Copies of a statement made by Dr. McDaniel in criticism of some certain Richmond newspapers and Governor Davis, have been printed and are being circulated. The governor appears to believe that there is some connection between the criticism directed against him by the ministers indicated and the present and prospective political campaigns in Virginia.—News Leader.

Dead

The death angel visited this community on Feb 23rd and claimed for its own little Beattrice Ferguson, the 1 year 4 months old daughter of Mr. and Mrs. Wade Ferguson. She was a fond loving little girl and death loves a shining mark. Everything was done that loving hands could do, but God in his wisdom saw fit to take her. Her death was caused by bronchial trouble. Interment was made Wednesday evening in the family burying ground of Mr. C. C. Ferguson. She leaves to mourn their loss her mother and father and one brother. The family has the deepest sympathy of this community in their sad bereavement.

A precious one from us has gone
A voice we loved is still
Place is vacant in our home
Which never can be filled
God in his wisdom thought it best
To call you where the others rest
And though the body slumbers here
The soul is safe in heaven
And amid sweet songs of love
I hope to join Beattrice above.

A FRIEND.

Taggart

Our community was saddened when the news came last Friday, Feb 18th, that Mr. Bob Davis had passed away. His death was not unexpected as he had a fall about three years ago and sustained injuries of the hip, from which he never recovered and a complication of diseases followed.

On Wednesday of the same week the remains of Mrs Lillian Kidd, daughter of Mr. and Mrs. James Dameron, were brought to the home of her parents for burial. She died in Staunton and leaves a husband and three little girls.

Mr. N. M. Gregory was in Richmond last week to attend the sales of his tobacco and he was well satisfied with prices of good tobacco as he realized $39 for his best, but low grades are not wanted at all.

High Commissioner Praises Near East Relief

Rear Adm'l Bristol

Constantinople: Everybody seems to have a good word to say for the wonderful work being done by the more than 500 American men and women workers of the Near East Relief. In a public address, Rear Admiral Mark L. Bristol, U. S. Navy, High Commissioner to Turkey, who has charge of all American interests in the Near East, went on record whole-heartedly in support of the American relief organization.

"If I have been able to encourage the workers of the Near East Relief or give them assistance in any way," the Admiral said, "I feel that I am more than repaid in keeping with the success that has attended the efforts of the Near East Relief Committee in this part of the world in the past. I hope the future will bring you greater success. It will always give me pleasure to render any assistance possible to the Committee as a whole, to any of the workers, and to the great work of humanity that the committee represents."

When 139,000 Russian refugees from the Crimea arrived off Constantinople, Admiral Bristol immediately cabled the Near East Relief for help, and the Near East Relief bakeries fed these refugees and N. E. R. workers helped the American sailors to get the sick to hospitals.

Admiral Bristol is in intimate touch with all the work being conducted by the Near East Relief and speaks from personal knowledge of its accomplishments.

We Had Forgotten.

Of course it is some trouble to clean a spark plug, but do you remember what a task it was to go over an entire horse with a brush and curry comb?—Dallas News.

Lumber is Down

Yes, Lumber Is Down—Down to where a farmer can afford to build anything that can be made of lumber even in the face of a low market on farm products.

Lumber Was The Last Great Commodity To Go Up and the first to come down. Today lumber prices are down to where it is hard to see how they can go any lower when costs are considered.

You Farmers Have Reason To Be Disappointed In the returns from last year's crops, but with lumber selling on the present basis we don't believe you can afford not to do whatever building or repairing may be necessary before Spring work commences.

Whether It's a Barn, or a Shed, or Just Some boards for fixing up around the place, the facts about lumber will appeal to any man or woman who believe in thrift and knows values.

Ford
THE UNIVERSAL CAR

Announcement

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the Fordson Tractor has been reduced from $790 to $625, effective immediately.

This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing to a much better extent, its value as a power and hauling unit. But particularly has the Fordson Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the Fordson within the reach of all.

"There is no change in the present Ford car and truck prices, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the Car Truck or Tractor is out of the question, in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increase."

Ask for the book "The Fordson at Work" which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
